**Frontend Developer Intern (Remote)**

**FlexiSAF**

- Completing weekly development tasks focused on building responsive and user-friendly web interfaces using HTML, CSS, JavaScript and React.js.
- Collaborating with a team of interns and supervisors to deliver project components on time.
- Participating in code reviews, daily stand-ups, and feedback sessions to improve development practices.
- Gaining hands-on experience with modern frontend technologies and real-world project workflows.

## SKILLS AND EXPERTISE

---

- Excellent communication, interpersonal, and problem-solving skills.
- Proficient in computer skills such as Microsoft word, programming with vast knowledge in HTML, CSS, JavaScript and React.js (with Redux Toolkit), Python, MySQL and WordPress.
- Tools and Technologies: VS Code, Git, GitHub, Netlify, WordPress, Redux Toolkit.
- Strong planning and organizational skills with sense of priority for deadlines and attention to details.

## PROJECTS

---

### Version Control

- A project showing the effective use of Git and GitHub (branching, pull requests, merging, conflict resolution).  
Link: [Project](#)

### Chatbot

- Built a chatbot using React.js. Link: [Chatbot](#)
- The chatbot can only reply to the following prompts: "Hello", "What is today's date", "Roll a dice", "Flip a coin", and "Thank you".

### **Simple Shopping Cart**

- Built a simple shopping cart where you can delete and add products to cart and view details of each product. This was built using React.js.
